Andritz Kone Wood

END USER

Stora Enso Kvarnsveden Mill Sweden

BACKGROUND

Andritz is a world leading supplier of customised plant, systems and services for specialised industries like pulp and paper.

Their HH901 Chipper used by Stora Enso's Kvarnsveden Mill, produced wood chips for use in the paper production process.

APPLICATION

The HH901 Chipper used two Dellner SKD 65 hydraulic applied, spring released disc brake to stop the chipper disc more quickly when the knives needed replacing.
