

Rotor lock

hält

Customer-specific solutions – based on sound and proven components – are one of our principles evident in many areas of our company. The JHS-R240 series is a perfect example of this.

Margot Bucher, Office Administration

JHS-R240

JHS-R240-154

JHS-R240-M

- Hydraulic operation
- Standard design
- Monitoring and display of end position "rotor locked/rotor unlocked"
- Low-maintenance design
